B repeat chorus progression A E E

## Having trouble getting the chords & rhythm together?

All the chords used in *Sister Golden Hair* are introduced in *Modern Guitar Chord Styles, Volume I*. It has heaps of info about strumming, rhythm reading, chord-change tricks and special techniques like bar-chords (its very important to make sure you are doing these the right way; you can injure your hand/forearm if the technique is not right). And there's plenty of exercises to help you master the essentials of rhythm guitar so you can play all your favourite songs. Check it out!
