### Having trouble getting chords and rhythm together?

*The Sound of Silence* is a great song for both Acoustic and Electric players; it plays well with either pick, fingerstyle or hybrid-picking. For the original key use a capo at the 6th fret. For the 2016 version by Disturbed use capo at 2nd fret.

If you're having trouble with getting chords and rhythm together, or with any aspects of reading this chart, then check out **Modern Guitar Chord Styles, Volume 1** ; a systematic approach to learning common chords, strumming, rhythm reading, bar-chords, chord-change techniques, arpeggio picking & fingerpicking. It will get you playing the songs you want to play.
